ABSTRACT

This is a bibliography of post-graduate theses on language and linguistics in Irish university libraries, from 1915 to 1976. The 537 entries are listed by author and indexed by subject and language. In addition, each entry contains the following information: degree, year, and university. An appendix contains theses completed outside of Ireland which are of interest because of subject matter or authorship. This volume is intended to assist those engaged in the training of language teachers and to give a general picture of research carried out in Ireland in the field of language. Although the list is not considered complete, an effort was made to include all theses thought to be in any way relevant to language and language teaching. Excluded are works on literary appreciation and literature in general, except where it was thought the work might yield information on language or the history of a particular language.

I 1976 chinn ITÉ ar eolas leanúnach a chur ar fáil i dtaobh tionscnamh taighde teanga atá faoi sheol in Éirinn. Tosáíodh ar eolas a bhailiú agus foilsíodh an toradh sa chéad eagrán de CLÁR TAIGHDE. TEANGA & TEANGEOLAFOCHT 1976 (1977).

Ceapadh nár mhiste san am céanna eolas a sholáthar faoin obair thaighde a rinneadh san am atá caite. Ós i dtráchtaís ollscoile a fhaightear cuid mhór den ábhar seo, cinneadh ar liosta díobh a thiomsú agus a chur ar fáil do lucht teanga agus teangeolaíochta na tíre.

Is féidir leas a bhaint as an gclár seo chun

- treoir a thabhairt do lucht ollscoile, do thaighdeoirí agus do lucht oiliúna ábhar múinteoirí teanga a chaithfeas ábhar taighde a roghnú. Le cabhair an liosta seo, beidh a fhios acu céard iad na tionscnaimh a cuireadh i gcrích cheana féin;
- léargas níos iomláine a fháil ar thaighde teangeolaíochta in Éirinn san am atá caite. (Féach gur díol sontais, mar shampla, líon na dtráchtaís a foilsíodh níos déanaí i bhfoirm leabhair).

Níor mhiste focal a rá faoin teoiric a ba bhun le roghnú na dtráchtaís.

Cinneadh ar thráchtaís ar bith ar measadh baint a bheith aige le teangeolaíocht sa chiall is leithne nó le múineadh agus foghlaim teanga a chiárú. Fágadh ar lár tráchtaís a bhain le léirmheas liteartha nó le litríocht ach amháin nuair a ceapadh go bhfaighff léargas iontu ar theanga nó ar stair teanga. Thiocfadh gur baineadh síneadh as an teoiric i gcás na Gaeilge ach measadh nárbh aon dochar é sin i bhfianaise a bhfuil le déanamh fós i gclárú ábhair sa teanga Ghaeilge.

Níorbh fhéidir na tráchtaís féin a scrúdú. Dá bharr sin, b'éigean iad a aicmiú de réir a dteideal chomh maith agus a bhféidir.

Ní dhearnadh aon mhór-athrú ar an hiontráileanna. I gcás roinnt díobh ní raibh na sonraí uile ar fáil. Níor léir amanna arbh ionann an bhliain a bronnadh an chéim agus an bhliain a luaitear leis an tráchtaís.

Deacracht amháin nach mór a lua is ea sloinnte Gaeilge na n-údar. Gheofar cuid acu sa chlár as Béarla áit a mbeifí ag súil leis an leagan Gaeilge. Agus tá sloinnte eile as Gaeilge sa chlár a gheofar as Béarla i gclárlann na hollscoile. Mar sin ní mór an leagan Gaeilge agus an leagan Béarla de shloinne Éireannaigh a lorg.

Ní ionann tráchtaís a bheith sa liosta seo agus deimhniú go bhfuil fáil air sa leabharlann. Tá líon beag díobh a cailleadh nó a chuaigh amú le himeacht aimsire, ní nach ionadh.

Gabhann coinníollacha ar leith le breithniú tráchtas. Cheofar treoir ón leabharlannaí ollscoile i ngach cás.

Ceapadh agus an clár seo á chur i dtoll a chéile go mb'fhiú saothar lucht ollscoile that lear ar na teangacha ceilteacha a chlárú maraon le tráchtais teanga a scríobh micléinn Éireannacha thar lear. Cheofar iad seo in Addenda II.

Gabhaim buíochas leis na daoine seo leanas a thug cabhair dom go fial:

Tomás Ó Domhnalláin, Stiúrthóir, an Dr. Dónall Ó Baoill agus an Dr. John Harris, Oifigigh Thaighde, ITÉ; an tOllamh Conn Ó Cléirigh, Roinn na Teangeolaíochta, agus an tOllamh Tomás de Bhaldraithe, Roinn na Gaeilge, Colaíste Ollscoile Bhaile Átha Cliath; Tomás Ó Tuama, Ollscoil Náisiúnta na hÉireann; Miss D. Hamill, Leabharlann Choláiste na Tríonóide; F.J.E. Hurst, Leabharlannaí Ollscoil Nua Uladh agus W.D. Linton, Leabharlannaí Leighis Ollscoil na Ríona.

Tá mé buíoch freisin d'fhoirne leabharlanna Choláistí Ollscoile Bhaile Átha Cliath, Chorcaí agus na Gaillimhe as a gcúnamh.

Ní dócha go bhfuil an clár seo iomlán; níl ann ach tús oibre. Féachfar leis na bearnaí a líonadh agus na tráchtais nua a chlárú go rialta uaidh seo amach.

Beidh fáilte roimh leasú nó eolas breise faoin chlár. Pé easnamh atá air, is mé féin atá freagrach ann.

P R E F A C E

In 1976 it was decided that ITE should collect and provide information on current research projects in Ireland in the field of language. Work was begun and the results were published in the first edition of REGISTER OF RESEARCH. LANGUAGE & LINGUISTICS 1976 (1977).

It then seemed desirable to collect information on research carried out in the past. As much of the material is to be found in university theses, it was decided to compile a list of relevant titles for persons interested in language and linguistics in Ireland.

The list may be used

- by university staff, research workers and those engaged in the training of language teachers as a guide in selecting research projects. With the help of this list it is possible to discover what subjects have already been attempted;

- to give a general picture of research hitherto carried out in Ireland in the field of language. (For example, the number of theses subsequently published in book form is worthy of note).

The criteria governing the selection of titles for inclusion needs to be explained.

All theses thought to be in any way relevant to language in the broadest sense, including language teaching and learning, have been included. Excluded are works on literary appreciation and literature in general except where it was thought the work might yield information on language or the history of a particular language. This is true especially of the Irish language theses. It was felt that such latitude was justified in the light of the work still to be done in processing material in Irish.

As it was not possible to examine the theses themselves, they have been arranged by subject according to their titles.

Very little editing was done on the entries. In some cases the information was incomplete. It was not always clear whether the year on the entry was the year in which the degree was conferred.

The surnames of Irish authors presented a problem. While some which one would expect to find in Irish appear in English, many of the names which are in Irish in the present list will be found in English in the university registers. Both the Irish and the English versions of Irish surnames should therefore be checked.

Inclusion of a thesis in the list does not guarantee that it is still available in any library. Not suprisingly, a small number of theses have been lost over the years.

There are certain rules governing the consultation of theses. It is advisable to apply beforehand to the university librarian in each case.

While the list was in course of compilation, it was felt that work done in universities abroad on Celtic languages should be included, together with language theses completed by Irish students abroad. These are to be found in Addenda II.

I wish to thank the following for their help in completing this work:

Tomás Ó Domhnalláin, Director, Dr. Donall Ó Baoill and Dr. John Harris, Research Officers, ITÉ; Professor Conn Ó Cléirigh, Department of Linguistics, Professor Tomás de Bhaldraithe, Department of Irish, University College Dublin; Mr. Thomas Twomey, National University of Ireland; Miss D. Hamill, Trinity College Library; Mr. F. J. E. Hurst, Librarian, New University of Ulster and Mr. W. D. Linton, Medical Librarian, Queen's University.

The assistance of the library staff of the university colleges of Dublin, Cork and Galway is gratefully acknowledged.

The present list is unlikely to be complete; it is in fact only a beginning. It is hoped to fill the gaps and list all new theses henceforth on a regular basis.

Additions and corrections will be welcome. Defects or errors in the list are my own responsibility.
